Annex no. 5
to Government Decree no.171
of 19 March 2012

REGULATION
of the Council for the coordination of the National Program
to reduce sicknesses determined by iron and folic acid deficiency by 2017

I. General provisions

1. The Council for the coordination of the National Program to reduce sicknesses determined by iron and folic acid deficiency by 2017 (hereinafter the Council) is a national level inter-sectorial body with advisory tasks, set up under the Prime-minister.

2. The Council consists of representatives of central public administration bodies with duties in the field, of the academia and national and international partners and works on public grounds, reflecting Republic of Moldova’s priorities and commitment in controlling iron and folic acid deficiency and in combating the negative effects of iron and folic acid deficiency on public health.

3. The goal of the Council is to coordinate activities within the National Program to reduce sicknesses determined by iron and folic acid deficiency by 2017 (hereinafter the Program), including by attracting and evaluating the effectiveness of assistance provided by the Global Alliance for Improving Nutrition (hereinafter GAIN), UNICEF and other international organizations as a response to country’s needs in achieving the Millennium Development Goals.

4. The Council shall operate based on a partnership between state, international and non-governmental organizations, on the principle of transparency and mutual cooperation.

5. The activity of the Council is inter-sectorial in order to ensure a wider participation of the stakeholders interested in controlling the sicknesses determined by iron and folic acid deficiency in the Republic of Moldova as a public health problem, as well as to establish a sustainable link between all key-stakeholders involved in promoting and implementing the Program.

6. The Council acts in its composition of 18 members and is headed by a president which is assisted by 2 deputy presidents.

II. Council objectives

7. Council objectives result from the general objectives of the Program and envisage the improvement of the population health by:

- 1) securing inter-sectorial partnership between state agencies, economic entities, international and non-governmental organizations for a better control over the iron and folic acid deficiency;
- 2) identifying problems in implementing the Program and recommending solutions for overcoming them.

III. Duties of the Council

8. The Council shall fulfill the following duties:

- 1) examine the results of the implementation of the Program and put proposals to improve it, as well as recommendations on the implementation of the program forward to the represented institutions;
- 2) fulfill other tasks aimed at implementing the objectives for which it has been set up.

IV. Council rights

9. The Council shall be entitled to the following:

- 1) involve in its activities the managers and specialists in the central and local public administration authorities, institutions in the field of healthcare, agriculture and food industry, education, as well as independent experts;
- 2) adopt decisions of recommendation nature on issues within its competence for the represented institutions;
- 3) recommend the carrying out of scientific research projects in the field.

V. Council organization

10. The position of the President of the Council shall be exercised by the deputy prime-minister responsible for coordinating social affairs.

11. The President of the Council shall have the following tasks:

- 1) manages the activity of the Council, calls and chairs its meetings;
- 2) invites to the works of the Council, if needed, managers and specialists of central and local public administration authorities, other institutions, as well as independent experts.

12. When the President of the Council is absent, deputy presidents of the Council shall chair the meetings based upon the President's decision.

13. The Secretariat of the Council shall be ensured by the Ministry of Health.

14. The Secretariat of the Council shall ensure its functioning and shall exercise the following duties:

- 1) puts together the minutes of the Council meetings;
- 2) organizes the Council meetings;

- 3) executes the orders issued by the President of the Council;
- 4) informs the Council on the implementation of the Program.

15. The members of the Council have the following tasks:

- 1) to participate to Council meetings;
- 2) contribute to the coordination of inter-sectorial activities for the implementation of the

Program;

- 3) put forward proposals on improving the activity of the Council;
- 4) express opinions on information and documents examined at meetings.

16. The members of the Council shall meet not less than twice a year and depending on the need.

17. The decision to call a meeting is taken by the President.

18. Materials that refer to issues subject to examination by the Council shall be presented to the Secretariat at least 10 days prior to the date of the meeting.

19. The draft agenda of the Council meeting and materials referring to the issues to be addressed, shall be distributed to the members of the Council by its secretariat at least 5 days prior to the date of the meeting.

20. The Council meetings are considered deliberative provided that at least half of its members are present.

21. Decisions on reviewed issues are passed by 2/3 of the votes of the members of the Council present at the meeting.
